

GARRETT AIR-TO-AIR / AIR-TO-LIQUID INTERCOOLER CORES

REPLACE HEAT WITH HORSEPOWER

Garrett intercooler cores combine world class engineering and manufacturing with unbeatable performance. Our bar and plate intercooler cores are proven to reduce intake temperatures through advanced fin density and offset composition. Find the perfect fit for every project, at the perfect price.

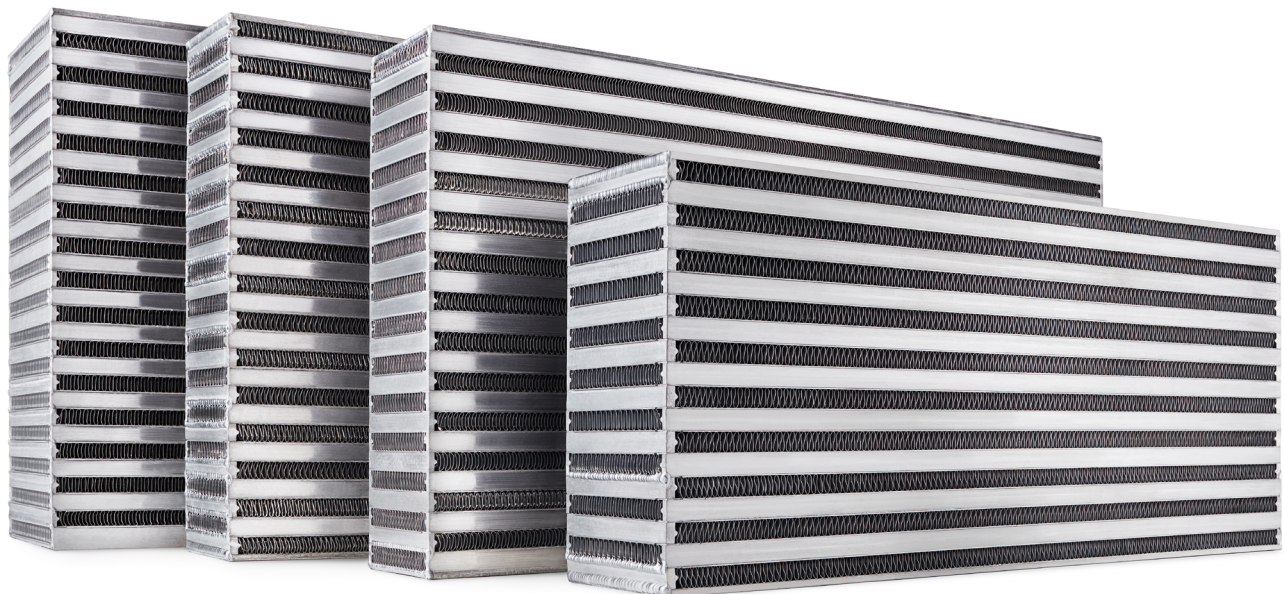

Garrett
ADVANCING MOTION

GARRETT AIR-TO-AIR INTERCOOLER CORES

Whether you're at home social distancing, working on customer projects, or developing a new turbo kit, we have great news! Garrett is reducing the cost of our air-to-air intercooler cores. It's the same Garrett performance and quality you know and trust, but at a lower price. With more than 25 intercooler sizes to choose from you can find the perfect fit for every project. While we work through this down time together, start your next project in confidence with Garrett air-to-air intercooler cores and replace heat with more horsepower.

UPDATED PRICING

Part Number	Model	Supported Horsepower	Length/Hot Flow		Height/Cold Flow		Width/Cold Flow	
			(in)	(mm)	(in)	(mm)	(in)	(mm)

NEW GARRETT INTERCOOLER CORES

We have been working hard to engineer new intercooler sizes for popular vehicle fitments and now offer nine **new** intercooler sizes including two additional air-to-liquid cores. Garrett intercooler cores combine world class engineering and manufacturing with unbeatable performance. Our bar and plate technology is proven to reduce intake temperatures through advanced fin density and offset composition. Find the perfect fit for every project with Garrett.

NEW SIZES

Part Number	Model	Supported Horsepower	Length/Hot Flow		Height/Cold Flow		Width/Cold Flow	
			(in)	(mm)	(in)	(mm)	(in)	(mm)
703518-6016	Air / Air	410	18.0	457	8.0	203	3.0	8
