

# Diesel DPF Refill Fluid

JLM Diesel DPF Diesel Particulate Filter Regeneration Refill Fluid is the aftermarket alternative for all known OE particulate filter regeneration fluids and OE part numbers. Thanks to the renewed composition and the high quality, the JLM-product is a suitable replacement for all OE regeneration fluids of the 1st, 2nd, 3rd and 4th generation.

Thanks to the handy 1 liter packaging, JLM Diesel DPF Particulate Filter Regeneration Refill Liquid takes up little shelf space. Refilling the liquid in the vehicle is also very easy due to the handy size and low weight. With the refill fluid from JLM, there is no need to replace the bag on vehicles with a flexible reservoir bag.

## Benefits

- Additive for particulate filter
- DPF Regeneration Additive
- For a.o. PSA Peugeot/Citroën, Fiat, Ford, Lancia, Mazda, Volvo
- Aftermarket alternative for all OE numbers concerned
- Suitable for 1st, 2nd, 3rd and 4th generation additive

## How to use:

Refilling the J02260 regeneration fluid should only be done by a professional auto technician. Refilling itself is done in accordance with the regulations of the respective vehicle manufacturer.

The J02270 JLM Diesel DPF Refill Kit provides even more ease of use during refilling. The Refill Kit consists of a quick-fill cap, adapters and a filling hose for spill-free refilling of the JLM Diesel DPF Diesel Particulate Filter Regeneration Refill Liquid.
